Wynfield Plantation  
P O Box 71686  
Albany, GA 31708

Wynfield Plantation is truly a special place and the people make it by far number one. From the very beginning in the planning stages with Tonya we could see an attitude second to none. The welcome we all received from everyone was special and as soon as the activities started it was obvious the Wynfield Plantation way was that the customer is number one. The menus planned by Tim and the preparation by the outstanding ladies in the kitchen made all of us gain a few pounds and like it. The pool sharks, Heather and Monique made us all scratch our heads and try harder. The guides made everyone feel right at home and even made sure we got a few birds, even me. Everyone enjoyed the people very much but just as impressive are the dogs of Wynfield. Just to watch these beautiful animals work the birds was worth the trip. We all came away with an increased meaning of customer service and a special understanding for friends and relationships. We gave THANKS many times but could never give thanks enough. Bill Bowles, thanks for setting a standard second to none.

Sincerely,

*A Special  
Thanks*

Steve Almond
